(in the following called Licensee)

WHEREAS, CUT has certain proprietary rights to software that provides capabilities for ab-initio molecular dynamic simulations using the projector-augmented method, known as "CP-PAW" Software;

WHEREAS, the program is developed and used primarily for research purposes, it is experimental and constantly in a developmental process and therefore it may contain known as well as yet undiscovered errors;

WHEREAS, Licensee desires to use the rights to such software, and CUT desires to grant to the Licensee the license to use the rights for a reasonable consideration

IT IS AGREED AS FOLLOWS

1 Key definition

In the License, the following term shall have the following meanings:

Program

Program shall mean that code (in source or object code form) comprising the computer program known as CP-PAW Computer Code, any disclosed descriptions, plans,

diagrams or other material accompanying or supporting that code, the original and all whole or partial copies of the computer program, including modified copies independent of authorship, or portions merged into other programs.

2 Agreement

2.1 CUT agrees to grant the Licensee the non-exclusive, non-sublicensable, non-assignable and non-transferable license to download, install and use the Program, as provided by CUT, and to give Authorised Users access to the Program subject to the terms and conditions of this License. Licensee will not undertake, cause, permit or authorize the modification, creation of derivative works, translation, reverse engineering, decompiling, disassembling or hacking of the Program or any part thereof subject to 2.5.

2.2 Licensee shall make the Program available only to its current members of the staff in the organisational unit (whether on a permanent, temporary, contract or visiting basis), "Authorized Users" and only to the extent agreed upon in this agreement. Licensee accepts all responsibility for the use of the program by its staff in compliance with this agreement.

2.3 This Agreement shall be effective as of _____ and shall remain in effect until _____. Upon termination of this Agreement Licensee will destroy the program and all copies of it and inform CUT accordingly. If so desired by Licensee and CUT, both parties may negotiate in good faith a licence for any further use of the Program under mutually agreeable terms and conditions. As monetary compensation for the license CUT receives _____€ plus legal tax on the day of _____ or earlier, or a yearly fee of _____€ plus legal tax on the day _____ every year for the duration of the license.

2.4 The Licensee may copy the Program to the extent reasonably necessary for the use as described in 2.1. All title, ownership and rights to the Program and any copies remain with CUT, irrespective of the ownership of the media on which the program resides.

2.5 Licensee may prepare derivative works of the CP-PAW only if licensee grants CUT the non-exclusive, fully paid-up, world-wide, irrevocable, transferable right to use, modify, sub-license, distribute and exploit commercially these derivative works. The right to prepare derivative works does not imply the right to distribute or use parts of the Program except under the terms and conditions of this agreement

2.6 Licensee will not sell, assign, rent, lease, distribute, export or otherwise grant

rights to third parties with regard to the Program or any part thereof. Licensee may not provide, by electronic or other means, to a third party a retained electronic copy of any part of the Program.

2.7 CUT in its sole discretion, reserves the right to add additional features or functions, or to provide programming fixes, updates and upgrades, to the Program. Licensee acknowledges and agrees that CUT has no obligation to make available to Licensee any subsequent versions of the Program. Licensee also agrees that he/ she may have to enter into a renewed version of this Agreement, in the event he/ she wants to download, install or use a new version of the Program.

2.8 Licensee shall not insert the Program or parts thereof in other program without written permission from CUT.

2.9 CUT is under no obligation to provide support for the use or installation of the Program.

3 Undertakings

3.1 Licensee acknowledges and agrees that any and all IP Rights to or arising from the Program are and shall remain the exclusive property of CUT. Nothing in this Agreement intends to transfer any such IP Rights to, or to vest any such IP Rights in, Licensee. Licensee is only entitled to the limited use of the IP Rights granted to it in this Agreement. Licensee will not take any action to jeopardize, limit or interfere with the IP Rights. Licensee acknowledges and agrees that any unauthorized use of the IP Rights is a violation of this Agreement as well as a violation of intellectual property laws, including without limitation copyright laws and trademark laws.

3.2 For the sake of clarity it shall be stressed that 3.1 does not mean the outcome of the use of the arithmetic formulas of the Program if it has not the quality of derivative work. As a matter of principle this outcome belongs to the rightful user of the program under this agreement.

3.3 Licensee acknowledges and understands that all title and IP Rights in and to any third party content that is not contained in the Program but may be accessed through use of the Program, is the property of the respective content owners and may be protected by applicable copyright or other intellectual property laws and treaties.

3.4 CUT reserves the right at any time to withdraw from the Program any item or part of an item for which it no longer retains the right to dispose, or which it has reasonable grounds to believe infringes copyright or otherwise objectionable.

3.5 Each party shall use its best endeavours to safeguard the intellectual property, confidential information and proprietary rights of the other party.

4 Disclaimer

4.1 All Software, Information and any other Items provided by CUT under this Agreement are provided on an "As Is" Basis. The Program is developed and used primarily for research purposes, it is experimental and constantly in a developmental process and therefore it may contain known as well as yet undiscovered errors. CUT makes no representation or warranty, express or implied, including, but not limited to, the implied warranties of title, merchantability and fitness for a particular purpose, nor does CUT assume any liability in respect of any infringement of patents or other intellectual property rights of third parties.

4.2 CUT does not warrant that the functions contained in the Program will meet Licensee's requirements or that the operation of the Program will be uninterrupted or error-free. Acceptance and use of this Program constitutes Licensee's understanding that he will have no resource to CUT for any actual or consequential damages arising out of the use of or inability to use the Program. Even if Licensee informs CUT of the possibility of such damages, Licensee shall accept the risk of any harm arising out of the use of the Program. CUT is under no obligation to maintain, correct, update, change, modify or otherwise support the Program.

4.3 Neither Party shall be liable for any indirect, special, punitive, consequential or incidental damages, lost savings, lost revenue, loss of profits or goodwill, or other such damages, regardless of the form of action, in connection with any aspect of the transaction under this agreement caused other than wilful or by gross negligence. 5.1.2 Either party becomes insolvent or becomes subject to receivership, liquidation or similar external administration

5.2 On termination all rights and obligations of the parties automatically terminate except for CUT' rights as specified in 2.5 above.

7 Prevailing Agreement, Modifications, Validity

7.1 All of the terms and conditions between the parties regarding the Program are contained in this written Agreement which prevails over any other agreement and understanding relating to the Program unless specifically superseded in such agreement. Any amendments to this Agreement must be agreed to in writing by the parties.

7.2 If any part of this Agreement is found void and unenforceable, it will not affect the validity of the balance of this Agreement, which shall remain valid and enforceable according to its terms.
